
POWERFUL ANGEL INVOCATIONS & RITUALS

*INVOCATION MEANS TO SUMMON WITH PRAYER OR
CHANT.*

I would never dream of giving any kind of healing, manifesting or reading for myself or my clients (or in fact doing anything important in my life) without first invoking the Angels.

I do a simple invocation every morning in meditation to invite the angels to be with me for the day ahead.

Angels are always with you, but they need your permission to help you.

When you invoke their energy with intention you overcome any free will issues you have about asking for their help and you'll find it is easier to sense their presence.

Angel energy is so pure and light that it discourages negativity and lower energies. Life flows more smoothly when your angels are around.

When you invoke Divine angels as your guides you ensure that the *energy* and *integrity* of anything you do is protected. Angels and other love based Divine beings (such as Jesus, Serapis Bey or Kuan Yin) always bring powerful protective and healing energy. Each loving being will stay with you guiding you.

An invocation invites the angels to your side, but also aligns your **intentions** for whatever you are doing with Divine will.

Invoking angels attracts powerful outcomes. You can invoke silently or aloud, or in writing. **I recommend invoking aloud for extra power and focus.**

The regular use of an invocation creates a bridge like energy each time you do it, increasing your spiritual connection with your angels. Lighting a candle or sandalwood incense and using clear crystals can add extra potency and heighten your awareness.

Examples of Angel Invocations

SIMPLE INVOCATIONS FOR PROTECTION.

I ask for an invite the presence of Archangel Michael and his band of mercy angels. Thank you for being with me today for protecting and guiding me.

I declare I am protected, guided and all is well.

And so, it is. Thank you.

I NOW ASK FOR AND INVITE THE PRESENCE OF
ARCHANGEL MICHAEL

ARCHANGEL MICHAEL

PLEASE STAND BEHIND ME, ABOVE ME, BELOW ME,
AND EITHER SIDE OF ME AND STAND IN FRONT OF
ME. PROTECT MY HEART WITHIN ME.

THANK YOU, ARCHANGEL MICHAEL FOR GUIDING
MY DAY.

I invoke the Divine light and protection of Archangel Michael and his Band of Mercy. (Say this three times) breathe deeply as you hold the prayer position with your hands and feel / see the violet protection wrap around you. Project the light outwards.

Protection Visualization

Visualise yourself surrounded in a bubble of bright blue, purple or golden light. See this bubble completely covering your aura and your body.

Visualize Archangel Michael or another angel or guide who brings you a sense of peace and safety standing in your aura with you.

You can do this between you and any person or situation which you feel is threatening or bringing negative vibes to your life.

Calling in The Four Directions

This is the most powerful way to call in the archangels for a special event, healing or ceremony.

Start by calling on Divine Spirit, Mother Earth, the Universe, all the Ancestors (knowing the name of the indigenous tribe of the area is helpful and respectful too)

I call on the presence of Divine Spirit to fill this place. I honor you. Thank you for my life, for guiding my every step and for intervening for the Highest and Greater Good.

I call on Gaia, Mother Earth, thank you for giving me bodily life and nurturing humanity, I honor you.

I call upon my ancestors and the guardians of this place (the traditional owners) I honor you. Thank you for your protection, guidance and for all that you have done before. (you can also call on your guardian angels and any masters of light)

Then say:

HAIL! To all,

Then follow the order below of the Archangels and directions and ask for their help with something.

I invoke: Archangel Raphael, Angel of the EAST, Element of Air- angel of healing. Bring your healing light to bring all into wholeness.

Take a deep breath and wait a few moments.

Then.

I invoke Archangel Michael, Angel of the South, Element of Fire, bring your flaming sword release the cords of limitation and protect me and my intentions. Protect this space with a dome of light, ensure all energy that is released is transmuted to the light. Thank you!

Take a deep breath and wait

I invoke Archangel Gabriel Angel of the West, Element of Water, cleanse and purify this space and this situation. Allow me to receive your messages and communicate clearly for the highest good of all.

Take a deep breath and wait

I invoke: Archangel Uriel, Angel of the North, Element of Earth, please ground me, hold me, support me with strong roots, bring Wisdom that is for the highest good of all. Ground this space and illuminate my next steps.

Take a deep breath and wait.

**THEN STATE YOUR INTENTIONS FOR THE
INVOCATION**

IT IS MY INTENTION TO....

You can then do a manifesting practice, a prayer, or a healing ceremony or meditation.

When you are finished.

**SAY THANK YOU TO EACH ARCHANGEL IN
REVERSE AND THE OTHER ANGELS/ BEINGS,
MOTHER EARTH AND DIVINE SPIRIT ANNOUNCE
THAT ALL IS DONE ACCORDING TO DIVINE WILL
AND ASK FOR THEIR CONTINUING GUIDANCE AND
PROTECTION.**

*Close the circle if other people are present and ask that all that is done goes
directly to the light.*
